## ARBITRATION FAVORED

The Action of Latin-American Congress Makes It Compulsory.

### MANY DIFFERENCES TO BE SETTLED

The Adoption by Chile of a System of Compulsory Military Service Causes Much Concern in South America.

Washington, Nov. 26. — Dispatches from Madrid received in official diplomatic quarters here make the first announcement that the principle of compulsory arbitration urged by the Peruvian delegates has been adopted by the Latin-American congress by almost unanimous vote, Chile alone holding out and protesting against the action taken. The decision not only favors compulsory arbitration in disputes between the American republics, but also provides that guarantees shall be given for the faithful performance of the conclusions reached by the arbitration tribunal.

Aside from the immediate question involved the decision of the congress is regarded in South American quarters as significant of the alignment of the southern republics on the increasing differences which have arisen of late and which are threatening to bring about a general crisis involving most if not all of the South American republics. Several events have occurred recently indicating a widespread movement.

Peru has been making desperate efforts to regain her provinces of Tarma and Arica, which are a sort of border province held for the last 10 years by Chile. Bolivia is involved in the same controversy, as she has lost her seacoast to Chile and is now seeking to save part of it. The latter question was recently brought to a direct issue by the presentation of a demand from Chile, generally construed as an ultimatum, requiring Bolivia publicly to acknowledge by treaty the sovereignty of Chile over the seacoast in question.

About a month ago Chile adopted the compulsory military system, under which every male citizen, on reaching the age of 19 years, must serve as a soldier. This has caused widespread concern in South America and has led other countries to take steps toward similar military equipment. Ecuador has declared its purpose of adopting a system like that of Chile, and Peru, which now has only 2,000 soldiers, has taken steps to have a general enlistment in its national guard. But the chief concern has been expressed in Argentina and Brazil, as it is the feeling in those countries that the powerful armaments of Chile are not required against such enfeebled states as Peru, Bolivia, Ecuador and the other northern republics, but will be used against Chile's more powerful neighbors in the south.

Argentina and Chile are separated by a long boundary line which is now in dispute. The boundary has frequently threatened an armed conflict, and each country has been steadily increasing its armament, land and naval. It is estimated by one of the prominent observers in Washington that each country has spent about \$50,000,000 on armament during the last 10 years.

Brazil has recently been brought into alignment by a cordial restoration of good feeling with Argentina. For a time they were opposed over a boundary contest, but by arbitration of the United States the award was made in favor of Brazil, and Argentina has heartily accepted this result. The presidents of Brazil and Argentina have exchanged visits, and during the stay of President Campos-Salles at Buenos Ayres recently consideration was given to united action on some of these pending South American controversies.

The several movements have had the general effect of establishing a common basis between Bolivia, Peru, Argentina and Brazil. While there is no suggestion thus far that these united republics would use force against Chile, yet it is appreciated that the present situation may lead to serious results. The Chilean army is directed by able German officers, the commander being General Kooner, a German officer, who was placed at the head of the army about 10 years ago. Some 40 other foreign officers, chiefly German, also occupy leading places on the staff and line.

### Tax on Foreign Manufactures.

London, Nov. 26.—The Daily Mail, indorsing an article in its columns from the pen of Mr. Frederick Greenwood, founder and first editor of The Pall Mall Gazette, advocates meeting the war budget by a tax of from 5 to 10 per cent on foreign manufactured imports.

## IN PARIS

Former President Kruger Enjoys a Day of Perfect Rest.

Paris, Nov. 26.—Mr. Kruger passed Sunday with his family at the Hotel Scribe, observing the Sabbath in accordance with the customs of his fatherland. His apartments were closed to visitors and he remained within them, indulging himself in perfect rest. Although the boulevards were alive to a late hour with merry-makers singing songs, the Hotel Scribe was cordoned and the revelers did not disturb his rest.

This morning found him quite recovered from the fatigue and conferring with the Boer representatives. The afternoon will be devoted to receiving deputations and prominent people who have made appointments.

### Steamer Stranded.

Lewes, Del., Nov. 26.—The British steamer Margaret Jones, in ballast from Malta for Delaware breakwater for orders, stranded directly opposite the Isle of Wight lifesaving station, near Ocean City, Md. She was immediately discovered by the lifesavers, who manned their surf boat and went to her assistance. The steamer is well up on the beach, about 50 yards from low water mark. She is lying easy in a moderate sea, and perfectly tight. The captain and crew refused to leave the steamer, so the lifesavers returned to shore with dispatches from the captain.

### Old Soldier Sentenced.

Chicago, Nov. 26.—General Theodore F. Brown has been sentenced by Judge Kohlsaat to serve six months in the Dupage county jail for violation of the pension law. The defendant was convicted of making a false affidavit in regard to the pension claim of Mrs. Florence L. Hall, a widow. General Brown's friends pleaded in his behalf, first before the pension bureau at Washington and later with the United States court. Brown is 64, a member of the Grand Army, and has an honorable record.

### Heavy Coal Shipment.

Pittsburg, Nov. 26.—The Ohio river at the dam is 8.4 feet and rising rapidly, and 5,000,000 bushels of coal will be shipped to southern points. The engineers' strike, so far as the Consolidated Coal company is concerned, is settled. A number of the strikers conferred with the company's officials, and after much talk the men were granted the scale, but recognition of the union was refused. The officials say enough men have agreed to equip all the boats with full crews.

### Not Wanted by Cubans.

Havana, Nov. 26.—At a meeting held in Havana by the opponents of Mgr. Sbarretti, bishop of Havana, General Gomez presented a resolution that all the municipalities should send the bishop telegrams informing him that he was not wanted by the Cubans and asking him to retire in favor of a Cuban ecclesiastic. All the speakers accused Mgr. Sbarretti of being too much of an American in his point of view and of favoring annexation to the United States.

### Senator Davis' Condition.

St. Paul, Nov. 26.—According to reports from Senator Davis' house the patient passed a fairly comfortable day. His injured foot was dressed and he bore the operation very well. His delirium was a trifle less acute and he was able to secure some sleep. The wound in his foot appears to be healing nicely. The kidney trouble, however, does not yield to treatment. Towards evening the senator became restless again and Dr. Stone was called to the house.

### Burglar Escaped.

Chicago, Nov. 26.—Along a narrow stone ledge 30 feet from the ground, connecting the balcony of her father's residence with that of a neighbor, Miss Jennie Younglove walked at an early morning hour and gave the alarm that a burglar was at work in her home. A squad of policemen responded to a telephone call, but the intruder, after frightening Miss Younglove's mother into hysterics, had escaped.

### Turkey Objects.

Constantinople, Nov. 26.—A difficulty has arisen between Germany and Turkey. The Ottoman government objects to Germany using Far San island, in the Red sea, as a coaling station, and wishes to establish there a Turkish depot accessible to all the powers. Germany, however, insists that she will not abandon the island.

### Died of Yellow Fever.

New York, Nov. 26.—The British fruit steamer Adler arrived from Port Limon and reported that Captain W. Reid of that steamer had died of yellow fever on Nov. 1. The authorities at Port Limon would not allow the burial of the body ashore and the Adler was obliged to steam outside the harbor and bury the remains at sea.

## CHARGED WITH MURDER

Minneapolis Newspaper Man Arrested For the Crime.

### A YOUNG MILLIONAIRE THE VICTIM

Quarrel Originated Over a Woman, and Was Partly Ended in by a Number of Prominent Youths of the City.

Minneapolis, Nov. 26.—Frank H. Hamilton, a Minneapolis newspaper man, is a prisoner at the Central police station, with the charge of murder against him, as the result of the stabbing to death of Leonard Day, a young millionaire society man of this city, at the West hotel. Hamilton, who has been in the custody of detectives since the tragedy, was not formally placed under arrest until the coroner's jury returned a verdict holding him responsible for the death of young Day.

The tragedy took place in the billiard room of the West hotel after a quarrel over a woman, participated in by Hamilton, Day and a number of other prominent men. All had been drinking to a considerable extent.

During the fight Fred George, a society leader, was badly cut in the right hand. George and Day were, in company with C. S. Force, another society notable, playing pool, when Hamilton and a few of his friends entered. Hamilton and Day began quarreling. An effort was made to separate them by several of the bystanders and for a few moments quiet was restored. Then the trouble broke out anew and ended only when Day lay dying on the floor.

Hamilton, with whom he had been fighting, was the first to bend over him and offer aid, but it was too late, for in five minutes the injured man was dead. The men who had taken any hand in the affray at once left the place, but were later found by the police, who took charge of the case.

There was a long cut on the top of the dead man's head, his face and wrist were badly bruised and a knife thrust on the left side of the neck severed the subclavicle artery.

### Rough Voyage.

New York, Nov. 26.—The new French line steamship La Lorraine experienced a hard time crossing the Atlantic. In addition to the weather, which was very rough, several accidents occurred to the machinery which caused the vessel to slow down while repairs were being made. Her bridge rail was smashed and there was a dent in the smoking room roof caused by the giant waves which broke over her forward. Two of the seamen are in the ship's hospital as the result of injuries.

### "Star-Spangled Boom."

London, Nov. 26.—Business on the Stock Exchange last week was conducted on a scale larger than for months past. The advance established in the American railroad securities stimulated dealings in other departments. What is termed the "star-spangled boom" is steadily rising. The American market still leads the exchange and the public has begun to take a more active part, with large speculative and investment purchases and occasional realizations.

### Fifth Conviction at Akron.

Akron, O., Nov. 26.—Edward Eppley was found guilty of the unlawful possession of dynamite. This is one of the cases growing out of the riots here in August last, when the city building was blown up and burned. This is the fifth conviction that has been secured, but the jury only returned a verdict after the judge had sent them back with a sharp reprimand.

### Free Thought Federation.

Cincinnati, Nov. 26.—At the session of the congress of American Secular Union and Free Thought Federation letters were read from absent members. Addresses by Mrs. Henry and Dr. J. B. Wilson, the president-elect, were followed by a general discussion. The Grand Opera House was crowded during the Ingersoll memorial meeting.

### Both Dead.

Peru, Ind., Nov. 26.—The decomposed bodies of Jerry and Patrick Holland, brothers, aged 62 and 56 respectively, were found in their house. No marks of violence were evident, and as the men when last seen, 8 or 10 days ago, were drinking, it is believed they were drugged, the poison taking effect soon after they reached their home.

### Americans Rout Chinese.

Peking, Nov. 23.—A party of American cavalry went to disperse a band of bandits in a village 16 miles from Peking. The village was found strongly fortified, but the Americans attacked and captured it, killing seven Chinese.

## CAME THROUGH CANADA.

Japs With Fraudulent Naturalization Papers Cross the Border.

Vancouver, B. C., Nov. 26.—So far this month 290 Japanese immigrants have secured passports to enter the United States from British Columbia. James Reed, acting United States immigration commissioner, states that he found, on examining their papers, a great many of them had British naturalization papers in their possession, stating out that they had been in Canada four years, although their Japanese passports show that they left Japan six months ago.

The Japanese who hold these fraudulent papers are fishermen who took false oath of residence, unwittingly or by design, to secure the standing of British subjects that they might fish in Canadian waters, as no alien can secure a fishing license.

Commissioner Reed has been instructed from Washington that he cannot prevent these Japanese from entering the United States if they are otherwise qualified.

### Belated Vessels.

San Francisco, Nov. 26.—The British ship Yarana is 155 days out from Santa Rosalia for Iquique, where she was to load a nitrate cargo for San Francisco, and 70 per cent reinsurance is being paid on her. The ship Prince Victor is out 99 days from Newcastle, N. S. W. for Honolulu with a cargo of coal, which it is feared, has caught fire, and 40 per cent reinsurance is offered. The Rathdown is out 33 days from Yokohama for Portland and 10 per cent is being paid on her, while the Sofala is out 146 days from Yokohama and the Westage 71 days from Hongkong bound for this coast. On both vessels 15 per cent reinsurance is being paid. Fear for all the fleet in the southern seas is caused by the news of a terrific hurricane that has swept Samoa, Hawaii and Japan.

### Will Not Back Down.

Washington, Nov. 26.—The Turkish authorities having refused to grant an exequatur to Dr. Thomas H. Norton to act as United States consul at Harpoot, indications point to some retaliatory measures on the part of this government in the near future. It is still the purpose of the United States to establish this consulate as the British government has since been permitted to locate a consul at Harpoot, and under the favored nation clause of our treaty with Turkey the United States government claims the same commercial privileges as Great Britain. The adverse decision of the Turkish government in this matter has not mediated the orders to the battleship Kentucky to proceed from Naples to Smyrna.

### Monitor Launched.

Bath Me., Nov. 26.—The United States monitor Nevada, in tonnage the largest government vessel ever built by the Bath Iron Works, was launched Saturday. Miss Annie C. Boutelle, youngest daughter of Congressman Charles A. Boutelle, christened the monitor. The Nevada is one of four sister ships under construction in American yards. She is a single turret monitor, designed expressly for harbor defence. The dimensions are length 252 feet, beam 50 feet, draft 12½ feet, displacement 3,234 tons. Her contract speed is required to be 11.5 knots.

### The Filipino Junta.

London, Nov. 26.—The request of the United States ambassador, Joseph H. Choate, for the suppression of the Filipino junta at Hongkong has been put in the hands of the colonial office. It will probably take some weeks to ascertain the facts with doubtful results. An official said: "Hongkong, of course, is a free country, and we cannot take too arbitrary steps even to please America. Most of the international plots are hatched right here in London, but we are quite powerless to suppress them."

### Weekly Bank Statement.

New York, Nov. 26.—The weekly statement of averages of the associated banks show: Loans \$792,722,100, increase \$4,874,000; deposits \$851,491,300, increase \$11,721,200; circulation \$30,688,200, increase \$10,700; legal tenders \$60,383,600, increase \$1,648,800; specie \$164,742,509, increase \$5,890,000; total reserves \$225,126,100, increase \$7,538,800; reserves required \$212,847,825, increase \$2,930,300; surplus reserve \$12,278,275, increase \$4,608,500.

### Enrolling the Cherokees.

Fort Worth, Tex., Nov. 26.—The Cherokee enrolling party of the Dawes commission has reached Tahlequah and will continue enrolling citizens of the Cherokee nation until Dec. 15. The enrollment of Cherokee freedmen commences after that date. The freedmen are former slaves of the Cherokee Indians. It is the policy of the nation to prevent as many of them as possible being placed on the final rolls.

## RIVERS ARE BOOMING

And the Floods Are Still Rising in the Ohio Valley Streams.

### GREAT AND LITTLE MIAMI BOTH UP

Licking River Is Roaring Full and the Bridge Between Covington and Newport Has Been Swept Away.

Cincinnati, Nov. 25.—Floods are reported all along the Ohio valley. In almost the entire valley it has been raining since last Tuesday, and almost continuously since Friday. While no lives are reported lost, the damage to property is considerable. The Licking river in Kentucky is very high and caused some damage on the Ohio side by its waters rushing across the Ohio channel and sweeping the Cincinnati landing. One of the bridges over the Licking connecting Covington and Newport was swept away. The lumber yards, mills and shipping generally suffered great loss. On the Ohio side the Great and the Little Miami rivers are both high and floods along the tributaries of the Ohio river are reported everywhere. The Ohio rose eight feet here during the last 24 hours and it is still rising rapidly.

### Agreed Upon Terms.

Peking, Nov. 26.—The diplomatic body held a final meeting and agreed upon the terms of the preliminary treaty. Nothing now remains except to secure the approval of the respective governments before definite negotiations with the Chinese peace commissioners are begun. The precise terms of the settlement have not yet been made public here, but it is believed outside the diplomatic corps that the main points are in substantial agreement with those contained in the French note to the powers, namely, punishment for the guilty, indemnity to governments and individuals, retention of strong legation guards and the occupation of certain places between Peking and Taku.

### May Fight a Duel.

Havana, Nov. 26.—It is said that General Rodriguez, mayor of Havana, has challenged Senor San Miguel, editor of La Lucha, to fight a duel, having printed an alleged libelous article attacking the integrity of the mayor's office. General Rodriguez has named Senor Aloman as his second. La Lucha publishes a statement that it has no intention of attacking the character of the mayor. Both parties deny that the matter will be carried any further, but the friends of both say that the denial is only a ruse to put the police off the scent.

### Bristow's Recommendation.

Washington, Nov. 26.—Fourth Assistant Postmaster General John L. Bristow, in his annual report, recommends an amendment to the interstate commerce law prohibiting telegraph and express companies and their employees from aiding or abetting in the green goods or lottery swindles or any other scheme carried on partly by mail and partly by common carrier and in violation of the postal laws.

### Three Killed and Six Injured.

Sault Ste Marie, Mich., Nov. 26.—Three men were killed and six severely injured by an explosion on the lighter Stewart in Mud Lake. The dead: Louis Carpenter, Rankin and William McKenzie. At the time of the explosion the Stewart was lighting ore from the steamer Elwood.

### Filipinos to Be Hanged.

Manilla, Nov. 26.—Four natives will be hanged at Dagupan, Luzon, next Thursday. They are under conviction for arson and murder, the victims of the latter crime including two American prisoners. The military courts are now imposing numerous death sentences upon natives.

### Roberts' Request Refused.

London, Nov. 26.—"We understand," says The Daily Express, "that Lord Roberts recently requested the government to send 20,000 regulars to South Africa to relieve the same number still in the field, but that his request was declined on the score of expense."

### Official Vote of Wisconsin.

Madison, Wis., Nov. 26.—The official canvass of the vote of the state of Wisconsin in the election shows the count to be as follows: For president: Bryan, 159,291; Woolley, 10,080; McKinley, 265,293; Debs, 7,084.

### Bank of Spain.

Madrid, Nov. 26.—The report of the Bank of Spain for the week shows the following changes: Gold in hand, increase 915,000 pesetas; silver in hand, increase 890,000 pesetas; notes in circulation, decrease 12,380,000 pesetas. Spanish fours closed at 775. Gold was quoted at 33.

It is most gratifying to know that Br'er  
 Marsh's suggestion has been acted upon.  
 A Washington dispatch says the Republi-  
 can Ways and Means Committee has  
 practically decided that the war tax re-  
 duction shall amount to between \$25-  
 000 000 and \$30,000,000.—Public Ledger.

Well, now, don't you think it's about  
 time they were doing something of this  
 kind? But, you can't count on the re-  
 duction until it is made. You Republi-  
 cans are so in the habit of saying one  
 thing and doing just the opposite. Mr.  
 McKinley vigorously denounced "forced  
 annexation" as "criminal aggression" you  
 know, but he's now engaged in that very  
 work.

CHAIRMAN C. M. BARNETT, of the Re-  
 publican State Central Committee, has  
 called a meeting of Republicans to be  
 held in Louisville, December 4th, to dis-  
 cuss the recent election and to urge con-  
 tests in the Third, Eighth, Ninth and  
 Tenth Congressional districts.—Courier-  
 Journal.

It would probably be well for Mr. Bar-  
 nett and others to make some inquiries  
 about the Ninth district before urging a  
 contest. After conceding to Mr. Pugh  
 all that he claimed Mr. Kehoe has a ma-  
 jority of 236. We doubt if there was  
 ever an election held in this district or  
 any other district that was as clean and  
 honest as the late election. Mr. Kehoe  
 conducted his campaign from start to  
 finish on a high toned and gentlemanly  
 plan, seeking nothing but what he was  
 entitled to. He at all times discounten-  
 anced any unfairness or fraud. Some of  
 the best R-publicans and hardest work-  
 ers in the district concede that Mr. Ke-  
 hoe was honestly and fairly elected, and  
 is entitled to a seat in the next House  
 of Representatives. It's up to Judge Pugh  
 to say whether there shall be a contest.

## HANNA'S SHIP SUBSIDY SCHEME.

The Springfield, (Mass.) Republican de-  
 nounces that ship subsidy scheme of  
 Hanna and his gang in vigorous terms,  
 but no stronger than the proposed gigan-  
 tic looting of the public treasury demands.  
 It says:

The Federal Commissioner of Navigation  
 puts into his current annual report his  
 usual argument for ship subsidies. This  
 argument has become too familiar to  
 call for repetition. It continues to be  
 true, as for many years past, that the  
 bulk of the tonnage of the United States  
 is confined to coastwise and interior nav-  
 igation, from which foreign-built ship-  
 ping is excluded. It is still true that all  
 save about 9 per cent. of our export trade  
 is carried out under foreign flags.

But why, as if to give weight to his  
 argument, the Commissioner should go  
 on to show that natural conditions now  
 favor a great change for the better as  
 regards our ocean-going tonnage, one is  
 at a loss to understand. The very facts  
 advanced to bolster up the subsidy con-  
 tention constitute its most effective re-  
 futation. In the time of wooden ships  
 the United States had no difficulty in  
 keeping its place on the ocean in free  
 competition with the world, because, for  
 one thing especially, it controlled the  
 cheapest and most abundant supply of  
 ship building material. And in a time  
 of iron and steel ships the United States  
 can recover and easily hold its former  
 place on the ocean whenever it can lead  
 the world in the cheapness and abun-  
 dance of iron and steel.

And this time of American supremacy  
 in iron and steel and fuel is now here.  
 The Commissioner of Navigation, indeed,  
 calls attention to the fact. We have at  
 last recovered the advantage in ship  
 building held by England ever since the  
 wooden ship began to give way to the  
 iron. The Commissioner says: "In the  
 United States the conditions have now  
 been established, abundance of capital,  
 cheap materials, practical experience,  
 constructive talent and skilled labor,  
 which, if brought together by a demand  
 for American vessels, created by legisla-  
 tion, guarantee the country's future as a  
 maritime commercial power."

The "created by legislation" is a bit of  
 mere textual supererogation. It has been  
 pushed into the sentence gratuitously.  
 No demand unless created by legislation?  
 Is not the American foreign trade of suf-  
 ficient volume to create a demand?  
 Given, then, a natural and legitimate de-  
 mand, and an abundance of capital and  
 cheap materials, such as no other nation  
 can now rival, and a skilled labor whose  
 superior effectiveness must largely offset  
 its higher wage, and all the conditions  
 are presented with a successful competi-  
 tion which the world in ship building is  
 in need of.

At no time in fifty years could the  
 subsidy proposition be urged with so lit-  
 tle good reason as to-day. And yet at  
 no time in fifty years has the scheme of  
 taxing all the people to pour millions of  
 dollars a year needlessly and gratuitously  
 into the pockets of a few ship corpora-  
 tions attained greater promise of suc-  
 cess than at this moment.

## SENATOR LINDSAY

Denounces Hanna's Ship Subsidy Scheme  
 and is Opposed to the Nicaragua  
 Canal—Is Down on Hill.

[Enquirer.]  
 United States Senator William Lind-  
 say, of Frankfort, Ky., was at the Grand  
 Friday.

"Will the merchant marine, or ship  
 subsidy, bill be passed by this Con-  
 gress?" asked the Enquirer man.

"I don't think so," he replied: "not  
 this session in my judgment, but it may  
 come time in the future. We have tried  
 ship subsidies in the past, and they have  
 been failures and scandals. The idea is  
 wrong, like that of the tariff, which un-  
 questionably needs reformation. Then  
 why should we be subsidizing ship lines?  
 We are now selling our manufactures  
 and products all over the world, and we  
 must leave something for the other fel-  
 lows to do, else they will have to quit on  
 us. If we are to clothe and feed them  
 and carry it to them they will not have  
 anything to buy with, and the whole  
 thing will stop."

"Will the Nicaragua Ship Canal bill  
 pass this session?"

"I don't believe it will, nor do I be-  
 lieve that the Administration wants it to  
 pass. I don't believe it ought to pass,  
 because of the Bulwer-Clayton treaty,  
 which still blocks the way, say what they  
 may."

"It would be a better bargain to give  
 up the Nicaragua scheme, for there are  
 old companies with concessions and char-  
 ters that would bob up and claim at least  
 \$20,000,000. It would be better to buy  
 the Panama Canal from one country,  
 where there is no treaty to cloud the  
 title. It is a shorter route by nearly  
 three-fourths than the Nicaraguan route,  
 and we can get it for one-fifth of the  
 money that has already been expended  
 upon it. Yes, I think the Panama route  
 is perfectly practicable, and much of it  
 is completed. The Hay-Pauncefote  
 treaty provides that the Nicaraguan  
 Canal shall not be fortified, and there is  
 something to the effect that it shall be  
 open to all ships in case of war, but no  
 ship shall pass through within twenty-  
 four hours of the time of its adversary."

"Do you think ex-Senator Hill, of New  
 York, will be a Presidential quantity in  
 1904?"

"He may be a candidate, but he will  
 never be President. His vote against  
 the Wilson bill, the best tariff bill this  
 country has ever had, alleging as a rea-  
 son its embodiment of the income tax  
 bill, precludes his election to the Presi-  
 dency. The people would not take to  
 him. No man ever voted against a great  
 party measure because of a part of it and  
 recovered from it. Yes, an income tax  
 may be a law in this country some day.  
 What the Democratic party should do is  
 to dissolve itself from Populistic, Free  
 Silver Republican and other partner-  
 ships and return to the old party prin-  
 ciples, where every Democrat can march  
 in line and know where he stands."

"Is it true you are going to make your  
 home in New York?"

"I am going to New York to practice  
 law, but I shall retain my citizenship at  
 Frankfort, Ky., and vote there as  
 long as I live. I never expect to be a  
 candidate for office again."

"Is it a fact, as printed, that Senator  
 Spooner and other Republican Senators  
 have organized opposition to Senator  
 Blackburn taking his seat?"

"If there is any such move on foot I  
 have no heard of it in Washington, and  
 don't believe there is any."

Senator Lindsay's term expires March  
 4, 1901. Ex-Senator Blackburn was  
 elected to succeed Lindsay, and if there  
 is a fight made against his taking his  
 seat it will be by reason of the Legisla-  
 ture throwing out the vote of Louisville,  
 where the militia was called out by the  
 Governor with Gatling guns in the  
 gubernatorial contest.

## DIED AT CHICAGO.

An Uncle of Mr. Simon Straus, of the  
 New York Store, Passed Away  
 Suddenly Sunday.

Mr. Simon Straus, of the New York  
 Store, received a telegram at 4 o'clock  
 Sunday afternoon announcing the sudden  
 death of his uncle, Mr. Louis Straus, of  
 Chicago.

No further particulars were given.  
 The deceased was a retired clothing  
 merchant, and was a prominent Oddfel-  
 low and member of the G. A. R.

## Millions Given Away.

It is certainly gratifying to the public to  
 know of one concern which is not afraid  
 to be generous. The proprietors of Dr.  
 King's New Discovery for consumption,  
 coughs and colds, have given away over  
 ten million trial bottles and have the satis-  
 faction of knowing it has cured thousands  
 of hopeless cases. Asthma, bronchitis,

 Rev. H. F. Tralle, of the Portland Bap-  
 tist Church, Louisville, was re-elected  
 transportation leader and was also elected  
 Corresponding Secretary.

A special examination of teachers for  
 a State certificate has been set for De-  
 cember 13th and 14th at his office at  
 Frankfort by State Superintendent of  
 Public Instruction McChesney. A num-  
 ber of teachers could not be present at  
 the regular summer examination, hence  
 this special one has been arranged.

Mrs. E. E. Settle, of Owenton, has  
 placed an order with W. A. Wallen for a  
 statue of her deceased husband. It will  
 be life size and made in Italy. The pe-  
 destal will be about 9 feet 2 inches in  
 height and made of granite. It is hoped  
 to have it finished and ready for unveil-  
 ing by Decoration Day next May.

G. D. Wilson, of Lexington, has sold  
 for Lee Thomas, formerly of Mason  
 County, two fine teams of show horses  
 for \$2,900. The teams sold for \$1,400  
 and \$1,500 respectively. The horses  
 were considered as two of the best teams  
 in the State and have taken a number of  
 premiums. M. Beck, a Chicago horse-  
 man, was the purchaser.

Enquirer: "The Boyd-Osborne wedding  
 will be the society event of the coming  
 week in Covington. Mr. Osborne and  
 his friend, Mr. Beal, of Chicago, will ar-  
 rive Monday to be present at a dinner  
 party given the bridal party at the Inver-  
 ness Club. Tuesday evening the maids,  
 Miss Hord and Miss Collins, will enter-  
 tain in honor of the bride."

Mr. W. H. Corwin and Miss Elma Betts,  
 of Blanchester, O., were married at the  
 M. E. Church on Thursday, and a recep-  
 tion was given at the residence of the  
 bride's parents. Mr. Corwin is a cousin  
 of Mr. J. Earl Corwin, of Sutton street,  
 and has many acquaintances here, hav-  
 ing visited his relatives on several oc-  
 casions, who all join in extending con-  
 gratulations to the happy couple.

W. B. Kidd shipped last week from  
 Winchester 206 export cattle. Eighty-five  
 of them weighing 1,500 pounds, were  
 bought of Sam Harris, of Lincoln Coun-  
 ty; thirty-three, weight 1,420, were  
 bought of Fox & Harris, of the same  
 county, and eighty-eight of Chas. Prew-  
 itt, of Montgomery County, which  
 weighed 1,360 pounds. The first two  
 lots cost \$5.25 and the last \$5.10.

The Keystone Dramatic Company pre-  
 sented "Sapho" at the opera house Sat-  
 urday evening to a delighted audience.  
 As guaranteed by the management the  
 play was free from all that was objection-  
 able. Miss Shipman as Fanny LeGrand,  
 Sapho, had a role that strikes the gamut  
 of her histrionic ability and the romance  
 of love and passion of the kind that tears  
 the heart is the light and shadow of the  
 part, but she carried the role through  
 with a safe and certain force. Mr. Mc-  
 Gill as Jean enacted his part in an ad-  
 mirable manner, while the Madame  
 Hettema of Mae Cody Langdon and the  
 Uncle Cesaire of James N. Drew were  
 clever characterizations. In all the com-  
 pany is a good one and Maysvillians al-  
 ways look forward to the coming of the  
 Keystones each season.

## Your Cloak Needs

Should be looked after here. In spite of the warm fall we have done, so far this season, the largest Cloak business in our history. It goes to show that we are giving the best values for the least money; that the styles and materials of our garments are right up to date. Splendid Castor Jackets at \$3.95. Special leaders at \$6.95 and \$9.95. Black Kersey Jackets at \$4.25 and \$5.49, advancing by easy stages to \$15. All of our jackets, even the cheapest, are lined throughout. For the little ones there is a select stock of Reefers from \$1.75 to \$3.50, most of 'em made with the new loose backs. Ladies' Automobile Jackets, plush and cloth Capes, Collarettes and Boas in great profusion. It will be to your interest to investigate.

## The Linen Stock

was never so large as at present. You'll need linens for Christmas—either for your own use or for gifts. Better buy them now. We never misrepresent. We will tell you which are part cotton and which are all linen. Splendid values in bleached Table Linens from 25c. to \$1.25 the yard. Linen-Huck and Damask Towels from 10c. to \$1 each. Linen Napkins and Doylies from 50c. to \$4.95 the dozen. Linen ten-quarter Sheeting at 65c. and \$1 the yard. Red Table Linen from 19c. to 89c. the yard. And an immense stock of Linen Crashes that we have not the space to tell you about in detail.

## Miscellaneous Items

that may be to your interest. Men's heavy wool Sox and Ladies' fleece-lined Hose, 10c. the pair. Ladies' wool Hose from 12½ to 50c. the pair. Ladies' fleece-lined Hose with white feet 25c. the pair. Heavy white Domet 5c. the yard. Special values in Outing Cloths at 6½c., 7½c., 8½c. and 10c. the yard. We are showing, too, the greatest line of men's lined Gloves in town.

### FIRE LAST NIGHT.

The Old Eshom Home on Sixth Street Destroyed at Midnight—Light Insurance.

The old Eshom home on Sixth street, just west of the city alms house, was destroyed by fire at midnight last night.

The building was a two-story frame and was erected fifty or sixty years ago. For a long time it was occupied by the widow of the late Parker Eshom and his daughter, Miss Mary, but the last year or two Mr. John Allender and family have occupied it. Mr. Allender is an employee of the gas and electric light company, and was on duty last night at the plant in the West End.

The fire started from a defective flue, and owing to the late hour and the difficulty in reaching the scene, the building was practically destroyed before the fire department could do anything. The family succeeded in saving but little of their household goods, and also lost most of their clothing.

The loss amounts to \$750. Insurance \$200.

### MRS. MARGARET WORMALD.

A Former Resident of Maysville Passed Away Saturday Morning at Bellevue—Buried Here This Morning.

Mrs. Margaret Wormald, whose critical condition was mentioned by the BULLETIN, died Saturday morning at 8:30 o'clock at her home in Bellevue, Ky., after a lingering illness.

Mrs. Wormald was the widow of the late George Wormald, of this city, and was seventy-seven years of age. Three daughters and five sons survive her, among the latter Mr. Jacob Wormald, of the West End. Part of her life was spent in this city, where she leaves many friends and quite a number of relatives in addition to her son named above.

The remains were brought here this morning on the 10 o'clock train, and the funeral service was conducted at the Church of the Nativity shortly afterwards, the Rev. Mr. Smith officiating. Burial in the Maysville cemetery.

The protracted meeting at the Dover Baptist Church closed Friday afternoon. There were seven additions.

## Our 1900 Fall and Winter Stock of CLOTHING,

## SHOES and HATS

Is the most Satisfactory to us and our customers we ever had in the house. Were the fact not patent to the most casual observer we would not say it, and it is this:

OUR HOUSE STANDS TO-DAY FOREMOST FOR HANDLING BETTER GOODS THAN ANY OTHER HOUSE IN THE STATE,

and that is the only reason we enjoy the trade we do.

We have long since learned that our people don't want cheap goods; they want good merchandise at reasonable prices, and that's what they get from us.

We can in truth say that frequently we are more particular in the fit of the Suit or Overcoat our customer buys than the purchaser. We let nothing leave the house that is not as perfect as human hands can make it, but it pays. The amount of goods we sell is the best evidence that our endeavors are appreciated.

### A RECORD BREAKER.

Nearly Nine Inches of Rain Since Last Tuesday Morning—Snow Last Night.

The rainfall the past week has been a record breaker for this section.

From 1:30 a. m. Tuesday, Nov. 20th, up to 6:40 a. m. to-day, the total precipitation amounted to 8.79 inches. This is about three times the usual precipitation for an entire month. The normal for a month is about 3.50 inches.

The total so far this month is 9.31 inches, 52 having fallen previous to last Tuesday morning.

Saturday and Sunday were about the most disagreeable days of the season to date, as a cold rain fell almost continuously all the time up to dark last evening when it turned to snow. Most of the snow melted as it fell, there being but one and one tenth inches on the ground at 7 o'clock this morning.

### Bazar.

The ladies of St. Patrick's Church will give a bazar Tuesday, Wednesday and Thursday of this week at the convent building. Admission 10 cents. Children 5 cents. A special entertainment each evening. The public invited.

### Spread Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in twenty years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50 cents. Sold by J. Jas. Wood & Son, druggists.

And all kindred complaints, due to an excess of uric acid in the blood. It accomplishes its wonderful results first, by purifying the blood and counteracting the existing poisons; second, by toning up the kidneys, liver and stomach, and thus enabling them to dispel all foreign and unnatural secretions. Don't delay. At this time of the year everything is conducive to these distressing and treacherous diseases. At the first symptom take this famous medicine. You will find it almost miraculous in its action and positive in its good results.

#### CINCINNATI TOBACCO MARKET.

Good Demand for the Better Grades, but Bidding Light for the Below-Medium Stuff.

	1900.	1899.
	Hhds.	Hhds.
Offerings for the week	1,766	1,078
Rejections for the week	441	234
Actual sales for the week	1,325	834
Receipts for the week	422	359
Offerings year to date	66,706	71,141
Rejections year to date	15,089	13,837
Actual sales year to date	51,007	60,304
Receipts year to date	58,729	62,462

The average for the week on 1,776 hhds. was \$8.08 per 100 lbs. against \$8.42 for the 1,671 hhds. last week and \$9.25 for the 1,058 hhds. last year.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

"As compared with the prevailing prices for the various sorts of tobacco offered the previous week there is but little change in the selling values of the same grades offered for sale last week."

"For Tuesday and Wednesday the market for most grades was strong and quite active. The bidding was quick and spirited."

Thursday the market showed some irregularity in the bidding, and at times sales were slow and draggy.

"Friday the offerings were small, with practically no change in the market from the preceding day."

"Good to fine navy fillers, twist wrappers and spinners were especially strong on Tuesday and Wednesday, and at no time during the week could the market for these sorts be termed as weak. The medium to good grades of red filler were offered quite liberally, and values established a week ago were for the most part quite fully sustained. Those grading below medium were not much sought for, the bidding for this class of fillers was slow and irregular and prices offered, as a rule, were not satisfactory to the seller. Bright trashes and bright lugs are in good demand and are selling well. Fancy bright grades suitable for cutters and natural leaf fillers seem to be growing in demand and at no time are these sorts neglected in the bidding."

"The five hhds. of new offered last week sold as follows, for leaf, lugs and trash: \$3.25, \$3.10, \$6.75, \$6.90 and \$8. av-raging \$6.20."
